

PRINCESS ALEXANDRA NATIONAL PARK PROVIDENCIALES

Fishing and the taking of coral and shells is not allowed in national parks.

Don't touch coral and marine life. Coral is alive and touching kills it.

Do not touch or feed iguanas. Feeding iguanas can kill them.

The Princess Alexandra Nature Reserve is located in the greater Princess Alexandra National Park. The nature reserve is a refuge for the Turks and Caicos Rock Iguana, and is comprised of Mangrove Cay, Little Water Cay, Half Moon Bay, and Donna Cay.
